

Bass River Resort Courtesies

We take pride in our Campground; to protect it for the future; we must have rules and regulations. The campground is subject to flash flooding. At times it is necessary to vacate the campground due to the potential of flooding. The continuous horn blowing of a park vehicle will indicate that you must vacate the campground immediately.

High-water/Flood Policy- If the determination is made by State Officials or the management of Bass River Resort, Inc. that the river levels are beyond safe canoeing or rafting standards, a credit certificate will be issued for the amount of your payment. (No Refunds)

Campers are responsible for knowing and following the rules listed below:
